

## 2022 Uniform Reporting Summary Output Tables Executive Summary

State Mental Health Agencies (SMHAs) compile and report annual data as part of their application package for SAMHSA's Community Mental Health Block Grant. These compiled data constitute the Uniform Reporting System (URS).

The URS is comprised of 21 tables that are developed by SAMHSA in consultation with SMHAs. The 2022 URS Output Tables present findings from 59 states and U.S. territories. Each output table provides summary information on the SMHA clients served in 2022: sociodemographic characteristics of clients served, outcomes of care, use of selected evidence-based practices, client assessment of care, insurance status, living situation, employment status, and readmission to state psychiatric hospitals within 30 and 180 days. Key data highlights are listed below:

- In 2022, 8,180,236 clients received SMHA services from 59 states and U.S. territories. This is a decrease from 8,195,517 SMHA clients in 2021. There were 5,965,872 adults (or 23.1 per 1,000), 2,197,002 children (or 29.9 per 1,000) served. About 17,362 (0.2 percent) clients were missing age data.
- Among SMHA clients, there were 4,394,191 (53.7 percent) females served while there were 3,730,939 (45.6 percent) males served. In 27 states and U.S. territories, more SMHA males were served than females, while in 32 states and U.S. territories, more SMHA females were served.
- The age distribution among SMHA clients was the largest among ages 25-44 with 33.0 percent, followed by ages 45-64 with 22.8 percent, children ages 0-12 with 14.2 percent, and children ages 13-17 with 12.7 percent.
- The highest percentage of SMHA clients that were served was among the White population with 57.9 percent, followed by Black or African Americans with 17.4 percent. SMHA clients served were 15.8 percent Hispanic and 74.5 percent non-Hispanic.

## Arizona 2022 Mental Health National Outcome Measures (NOMS): SAMHSA Uniform Reporting System

Utilization Rates/Number of Consumers Served	U.S.	State	U.S. Rate	States
Penetration Rate per 1,000 population	8,180,236	58.40	24.37	59
Community Utilization per 1,000 population	7,900,059	56.21	23.53	59
State Hospital Utilization per 1,000 population	108,725	0.03	0.33	53
Other Psychiatric Inpatient Utilization per 1,000 population	433,997	1.12	1.53	42

Adult Employment Status	U.S.	State	U.S. Rate	States
Employed (Percent in Labor Force)*	890,626	48.4%	51.2%	58
Employed (percent with Employment Data)**	890,626	46.2%	27.2%	58

**Note:****Are Client Counts Unduplicated?**

Unduplicated

**Number of States with Unduplicated Counts**

43

This table uses data from URS Table 2a, Table 2b and from the U.S. Census Bureau. All denominators for penetration rates use the U.S. Census data from 2021.

U.S. totals are calculated uniquely for each data element based on only those states who reported clients served.

The penetration rates for 'Other' gender as well as Age, Gender, Race and Ethnicity Not Available are not reported on this table because the U.S. Census data does not include these categories.

Regional groupings are based on SAMHSA's Block Grant Regions.

**State Notes:****Table 2a**

Age Age is defined as the age at first service in the report period.

Gender Only Female and Male are collected for Gender.

Race None

Overall None

**Table 2b**

Age None

Gender None

Race AZ does not collect Hispanic as Ethnicity. It is collected under the same field as Race.

Overall None

## Note:

This table uses data from URS Table 14a, Table 14b and from the U.S. Census Bureau. All denominators use the U.S. Census data from 2021.

U.S. totals are calculated uniquely for each data element based on only those states who reported clients served.

The penetration rates for 'Other' gender as well as Age, Gender, Race and Ethnicity Not Available are not reported on this table because the U.S. Census data does not include these categories.

Regional groupings are based on SAMHSA's Block Grant Regions.

## State Notes:

### Table 14a

Age	Age is defined as the age at first service in the report period.
Gender	Only Female and Male are collected for Gender.
Race	None
Overall	Persons with SMI or SED were identified using ICD-10 diagnosis, based on a diagnosis list provided by our medical coding team and may not reflect other state reports that include persons with SMI or SED.

### Table 14b

Age	None
Gender	None
Race	AZ does not collect Hispanic as Ethnicity. It is collected under the same field as Race.
Overall	None

# ACCESS DOMAIN: Adults with SMI and Children with SED Served in Community Mental Health Programs by Age and Gender, FY 2022

Arizona

Reporting Period: 7/1/2021 To: 6/30/2022

## Note:

U.S. totals are based on states reporting.

This table uses data from URS Table 15.

U.S. totals are calculated uniquely for each data element based on only those states who reported numerator (clients served) data.

## State Notes:

AHCCCS does not currently not collect this data. We will review our process to initiate a change to capture this data in the future.

# APPROPRIATENESS DOMAIN: Evidence-Based Practices Reported by SMHAs, FY 2022

Arizona

Gender TOTAL	28,242	30,093	58,335	61,180	48%	51%	46.2%	27.2%	58

What populations are reported? All Clients Number of States Reporting All Clients: 34 Number of States Reporting Some Clients: 12

When is Employment Status Measured?	At Admission	At Discharge	Monthly	Quarterly	Other
AZ	Yes	Yes	-	-	-
US	35	19	3	8	19

## Note:

\*In Labor Force is the sum of consumers employed and unemployed.

\*\*With Known Employment Status is the sum of consumers employed, unemployed and not in labor force.

Consumers employed as a % of those in labor force uses adults employed and unemployed as the denominator.

Consumers employed as a % of known employment status uses the sum of persons employed, unemployed and not in labor force as the denominator.

This table uses data from URS Table 4.

## State Notes:

Age Age is defined as the age at first service in the report period.  
Gender Only Female and Male are collected for Gender.  
Overall For SFY22, we updated our methodology for Employed and Not in the Labor Force.

## General Notes FY 2022

### Arizona

URS Table Number	General Notes
2A, 2B, 3, 4, 5, 5A, 5B, 6, 12, 14A, 14B, 15, 15A, 16	The reporting methodology was changed in 2019 (SFY19). This included a change in the data source. The previous data source was self reported and was not validated against actual utilization experience. The redesign now pulls most of the data from our claims/encounter data system, which results in more robust data and reflects true utilization experience of our clients. This also results in significant differences not only in number of clients, but on certain availability of data (i.e., ethnicity, living situation), which we continue to work on how to best capture this data in the future.
3, 7, 15A	For SFY22, we updated our methodology for CMHP and RTC.
4	For SFY22, we updated our methodology for Employed and Not in the Labor Force.
7	Administration line includes MHBG TA expenditures of \$102,493.12. AHCCCS cannot populate the expenditures by the requested "Activity" column, but can provide the SFY2022 Behavioral Health Report, when available.
7A	Arizona is unable to report expenditures in the Table 7A. Activity categories from the Statewide Accounting System; however, the total expenditures for First Episode Psychosis (FEP) in SFY 2022 is \$1,685,291.84.
7B	Arizona is unable to report expenditures in the Table 7B. Activity categories from the Statewide Accounting System; however, the total expenditures for the SFY2022 MHBG 5% set aside is \$790,488.
8	<p>Arizona expended \$712,349.18 in MHBG administrative expenses in SFY2022, which includes \$163,934.70 of MHBG TA expenditures. Arizona does not track administrative expenditures in its Statewide Accounting System in the requested Activity categories.</p> <p>Arizona expended \$36,605.88 in MHBG COVID-19 administrative expenses in SFY2022. Arizona does not track administrative expenditures in its Statewide Accounting System in the requested Activity categories.</p> <p>Arizona expended \$2,777.91 in MHBG ARPA administrative expenses in SFY2022. Arizona does not track administrative expenditures in its Statewide Accounting System in the requested Activity categories.</p>
9, 11, 11A, 19A, 19B	Effective July 1, 2016 the Arizona Department of Health Services/Division of Behavioral Health Services (ADHS/DBHS) merged with the state Medicaid agency (Arizona Health Care Cost Containment System- AHCCCS) as a result of the state's administrative simplification. As part of this process, AHCCCS reviewed all ADHS/DBHS deliverables, including the Member Satisfaction Survey, to understand data methodologies and streamline data sources. AHCCCS continues to evaluate the best method to collect this data from our members.
12, 14A, 15, 16, 16B, 17	Persons with SMI or SED were identified using ICD-10 diagnosis, based on a diagnosis list provided by our medical coding team and may not reflect other state reports that include persons with SMI or SED.
15	AHCCCS does not currently not collect this data. We will review our process to initiate a change to capture this data in the future. Please see Comment No. 1.
16A	In the current system, there is not a way to identify First Episode Psychosis (FEP) via claims.
20A, 20B, 21	The Arizona State Hospital serves individuals who are under a court order for inpatient psychiatric treatment. The average length of stay for patients currently being served at the Forensic Hospital is approximately six (6) years. The average length of stay for current Civil Hospital patients is approximately four (4) years. Re-admission to the Arizona State Hospital is infrequent and would require additional legal proceedings, either through the civil commitment process or criminal court order.

## **Errata Sheet to the 2022 URS Output Tables**

This page includes clarifications and corrections to the 2022 URS Output Tables.

### **ACCESS DOMAIN: Adults with SMI and Children with SED Receiving Crisis Response Services, FY 2022**

The table counts and percentages have been updated due to a processing error.

### **OUTCOMES DOMAIN: Consumer Survey Results, FY 2022**

The percentages have been updated in Response Rate for “Children: U.S.” and “Adults: U.S. Average” due to a processing error.
